Atlas minor.

A collection of voyages and travels, : some now first printed from original manuscripts. Others translated out of foreign languages, and now first published in English. To which are added some few that have formerly appear'd in English, but do now for their excellency and scarceness deserve to be reprinted. In four volumes. With a general preface, giving an account of the progress of navigation, from its first beginning to the perfection it is now in, &c. The whole illustrated with a great number of useful maps, and cuts, all engraven on copper.
