Liebe Kollegen!

Der Eigensinn des Alters erschwert zwar oft das Zuhören, besonders wenn sich um Wissenschaft und die mit ihr verknüpften Steckpferde handelt. Aber die Musik erreicht das Herz auch der Alten, sodass es eine Leichter ist, sich dem Zuhörer so ganz hinzugeben.

Meinen herzlichsten Dank der Fakultät, die durch ihre gütiges Geschenk gezeigt hat, dass sie mir's nicht verübelt, dass ich immer noch da bin.

In alter Verbundenheit Euch

A. Einstein.

Dear Mrs. Jaffin,

I enclose herewith my cheque  
for \$13.33, which according to your note of  
yesterday is my share of the gift to Professor  
Einstein.

Sincerely,

A handwritten signature in cursive script that reads "Harold Cherniss". The signature is written in dark ink and has a long, sweeping horizontal line extending to the right.

Dear Professor Cherniss:

Since most members of the Faculty were willing to contribute, Professor Einstein has been presented with a phonograph as the Faculty's gift to him on his seventieth birthday. The cost was \$200, so that the total for each is \$13.33. I shall very much appreciate it if you will send your check to me so that I may take care of the bill.

Sincerely,

This same memo sent to Professors Dyson, Earle, Godel, Kantorowicz, Montgomery, Morse, Pais, Panofsky, Thompson, Selberg, von Neumann, Whitney, Woodward.  
(Professor Meritt declined to contribute.)
