Dr. Flexner reported in part:

"The Graduate School of Princeton University has been built up upon the basis of a low tuition fee, namely, \$100 per annum. It seems to me that <sup>at</sup> the outset it is expedient to adopt the same scale.

"I have conferred with the authorities of the State Department in respect to the visas of foreigners who may be appointed to the Institute or who may desire to study in it, and I have been assured that no difficulties of any kind are to be anticipated."
