Memorandum to the Trustees Members of the Committee on Governance

The Faculty members of the Committee have now been selected:

Professor Adler	Natural Sciences
Professor Geertz	Social Sciences
Professor Gilliam	Historical Studies
Professor Selberg	Mathematics

The Mathematics Faculty also selected Professor Milnor as an alternate to Professor Selberg.

The earliest date at which we could get a meeting is November 3, Saturday. It seems to me convenient to begin the meeting in the morning and have it go at least through lunch and as long thereafter as necessary or useful.

If you would let me know what a convenient starting time would be, I can fix a time.
