Shii Studies Review

Aims & Scope

A refereed journal with an international editorial and advisory board, the *Shii Studies Review* provides a scholarly forum for researchers specializing in all fields of Shii studies. Issued twice a year, the journal publishes peer-reviewed original studies, critical editions of classical and pre-modern texts, and book reviews on Shii law, *ḥadīth*, Qurʾānic exegesis, philosophy, *kalām*, ritual and practices, classical and contemporary literature, and other aspects of the history of Shiism. It is dedicated to the study of *Imami*, *Ismaili*, *Zaydi*, and other other trends in Shii thought throughout history. Taking an expansive view of the richly variegated Shii traditions in both thought and practice and their cultural and social contexts, the *Shii Studies Review* makes a distinctive contribution to current scholarship on Shiism and its integration into the broader field of Islamic studies.
